

By JUNE JONES

CLARENCE BAILEY, veteran dry goods merchant, was observed the other morning sweeping in front of his department store and displaying a brand of finesse with a broom seldom exemplified in these parts. And he admitted that he was good, too.

FOXTAIL JOHNSON, who has been quoted before in this column, continues to write a clever philosophical column in the Texas Sheep and Goat Raiser, published at San Angelo. Here are a few squibs from a recent issue:

Cotton crop was fine last year, but costs were so high that some of the growers wound up hound-dog poor. At least two of them are drivin' their Cadillac on black-wall tires.

Hod Frazzley got plumb tired of Nub Plinker's brags about his new car painted four colors. But he's even now. He painted his old manure spreader nine colors.

JOE STEVENS JR. was trying to impress on his pop how much he was learning about the modern terms of this world. "When you have your tonsils removed they call it a tonsillectomy," Joe Jr. pointed out. "When they remove your appendix, they call it an appendectomy. What do they call it when they remove a growth from your head?"

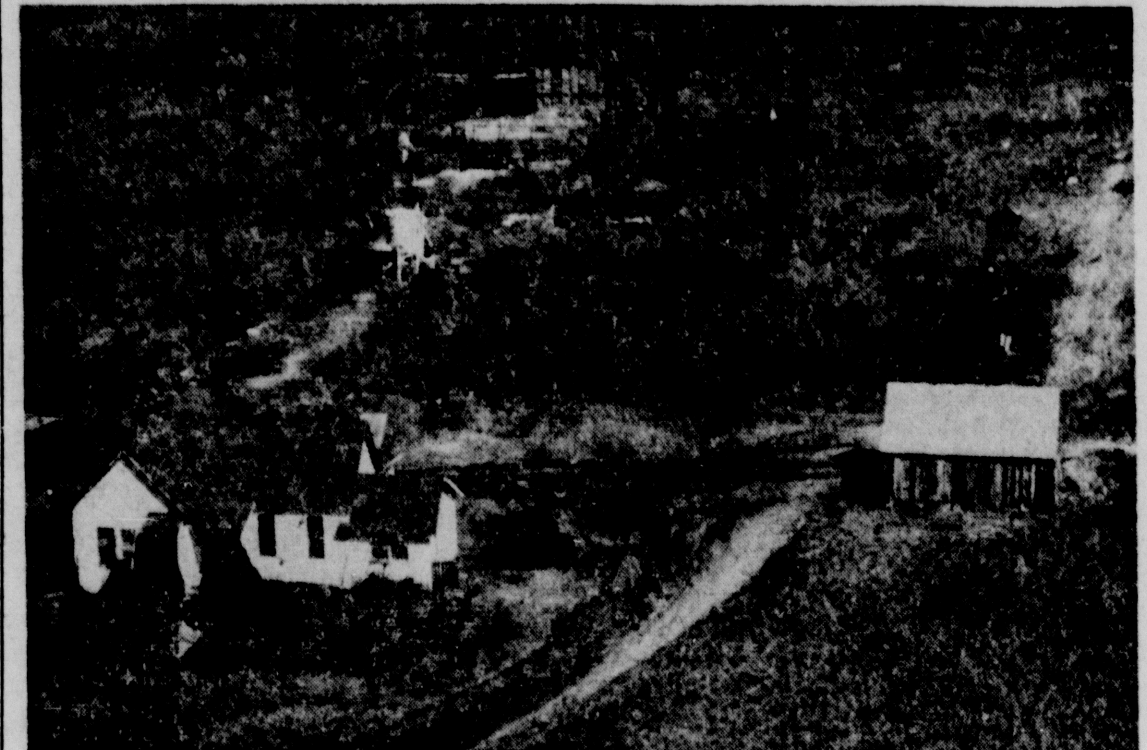

INCOME TAX paying time reminds us of a yarn that has been going the rounds about tax deductions for contributions to a church in a certain West Texas city.

A government income tax inspector visited the clergyman of the local city and expressed a desire to see his church. The clergyman, beaming with unbecoming assurance at hearing this request from a government representative, readily agreed. After the inspection, the proud reverend turned to the inspector and inquired what he thought of it.

"Frankly, I'm a bit disappointed," said the inspector. "The clergyman, quite taken back by this remark, naturally asked the reason.

"Well," said the government man, "after looking at the reports of the income tax papers of your parishioners and the huge gifts they claim to your church, I had the idea to the conclusion that the tax must be paid with gold."

CONTINUING our plan to use those clever little poems issued recently by the traffic safety division of the Texas Highway Department, we submit:

ANOTHER IN THE SERIES of Mystery Farm Pictures being run by The Herald is shown above. First person, other than the owner and his family, to correctly identify the view will be given a one-year subscription to Your Home Town Paper. In order to give readers of the paper living on the rural routes an equal chance at the identifying, no answers will be accepted before 1:00 p. m. Friday, either in person or telephoning to the paper office. The original aerial picture will be presented to the owner by The Herald.

## Quick Subscription Drive for Herald to Boost Pool Funds

### Four High School Classes to Share In Commissions

In a campaign designed to put the swimming pool fund "over the top" through a concerted two-week subscription contest sponsored by The Hamlin Herald, the four class groups in Hamlin High School were making plans for a whirlwind drive.

In announcing the campaign, it was pointed out by publishers of The Herald that, instead of hiring a high-powered out-of-town subscription promoter to come and stage a drive, in which an automobile and other prizes would be presented to individual leaders in the drive, two local agencies would be benefited—the swimming pool and the four classes.

Regular subscription prices for Your Home Town Paper will be charged—\$2.50 per year within the 50-mile first mailing zone, and \$3 per year for subscriptions more than 50 miles away. A limit of four years (for \$10) is being set for individual subscription orders.

Of the gross subscription money received, The Herald is allowing the swimming pool and classes to share \$1 commission on each subscription. An additional award will be given to the class turning in the most subscriptions.

Swimming Pool Drive Chairman Jack Russell and Publisher June Jones of The Herald estimated that from \$1,500 to \$2,000 could be raised for the swimming pool fund through the subscription drive. Both new and renewal subscriptions to the paper will be counted.

Classes at school were being organized for the drive this weekend, school officials said, with the actual drive scheduled to get underway Monday.

## Mexican with Crime Record Admits Burglary of Cafe and Theft of Car Here

Lupe Gonzales, 18-year-old Mexican, who had a criminal record here and in California, was arrested in Hamlin Wednesday morning by Police Chief J. H. Foster on a burglary charge in connection with the burglary of Pearl's Cafe on the night of March 14.

Later the youth was charged with theft in connection with the loss of a car on the following night from behind the City Cafe.

After being faced with the charges, Gonzales admitted both the crimes. He was picked up by Sheriff Dave Reves and taken to Anson Wednesday afternoon and placed in the Jones County jail.

Gonzales admitted taking the 1946 model Ford car belonging to Buck Bishop from the rear of the City Cafe. The keys were left in the car by Bishop when he went to a local theater. After driving to Stamford, Gonzales said he drove back to Hamlin that

OPPOSES SMOKING—Wichita Falls Oil Man J. S. Bridwell is shown (above) looking over a copy of the letter he gave each of his 250 employees offering \$50 to any who would quit smoking. Bridwell said he was making the offer because friends of his had become ill and some had died from smoking.

### Car License Issuing Lagging at Hamlin

With less than a week to go to secure 1955 automobile and truck licenses without penalty, Hamlin area motorists were reported lagging in purchases, according to Jim Howard King, local distributor for the new tags. Only about 30 per cent of the tentative number of license plates had been issued Wednesday, he said.

King urged motorists not to wait until the deadline, which is next Thursday, to rush in and try to get all their tags.

The distributor repeated that motorists will need last year's license receipts as well as their title papers.

### Laundry Operators Injured Sunday in Collision of Cars

Mr. and Mrs. H. E. Black, operators of Black's Helpy-Self Laundry in Hamlin, were due to be released from Hamlin Memorial Hospital (yesterday) it was announced Wednesday by hospital attaches.

The Blacks were painfully but not seriously injured Sunday afternoon when they were involved in a two-car collision at the intersection of State Highway 126 and U. S. Highway 180 in the Boyd Chapel community, eight miles south of Hamlin.

H. W. Jobe of Lamesa, driver of the other car, was reported resting well Wednesday in the Anson General Hospital. He was the most seriously injured.

Jobe was driving west on U. S. Highway 180 and the Blacks were moving south on State Highway 126 when the accident occurred.

The accident was investigated by men of the Texas Highway Patrol, who said the Blacks' car halted at a stop sign before crossing Highway 180, then pulled out but misjudged the Jobe car and crashed into the side of it.

GOVERNOR TESTIFIES BEFORE COMMITTEE—Governor Allan Shivers (left) testified before Senate investigators at Austin that neither he nor any member of his staff has ever brought any "undue pressure" in the veterans' land program transactions. Listening to the governor are Darsey Hardeman (right) of San Angelo, chairman of the committee, and Crawford Martin of Hillsboro, a member of the committee. Mrs. Agnes Miller, court stenographer, takes the statement.

## Rains Help But Cold Hurts Crops in Area

Rains Saturday and Sunday night in the Hamlin region were welcome sights to farmers and ranchers and others in the section that is beginning to show signs of getting dry again. Government gauge at Hamlin recorded .76 of an inch for a two-day period.

Rains in adjoining regions registered rainfall up to nearly two inches, according to a check of farmers in the vicinity. Neinda community, six miles south of town, got an inch and a quarter.

### Drive on Speeders Goes On Despite Petition

Campaign started several weeks ago by city officials to slow down automobile speeders within the city limits continued this week with the fining of six offenders in city court.

Family of a multiple-offense young violator, miffed at continuing speeding charges, were circulating a petition that criticized the local officers, it is reported. Only a few signers could be secured for the paper, a local citizen told Mayor Willard Jones.

### Dr. Gould's Condition Reported Improved

Health condition of Dr. Don Gould, former Hamlin chiropractor, is much improved according to local friends.

Dr. Gould has been recuperating in the home of Dr. and Mrs. W. R. C. Allen at Abilene.

### Boy Caught in Cable Spool, Other Workmen Believe

Hammett Attya, 18-year-old oil field worker of Seminole, Oklahoma, was killed instantly between 5:00 and 5:30 o'clock Monday afternoon in an accident on the Frank Steele lease, 14 miles west of Hamlin in Fisher County.

The young man, an employee of the Welch Drilling Company of Anson, was fatally injured when he apparently was caught between a cable and the drum spool during a well clean-out operation, according to two fellow workers. The other workmen did not see the accident, but surmised the manner of the accident.

Justice of the Peace Hollis Head of Roby, who investigated, returned a verdict of accidental death.

The Welch concern was working on old wells in the Royston field. Born in Seminole, Oklahoma, on April 21, 1936, Attya left there about a month ago to come to this area. He lived at Anson with a brother, Haney. Their father, S. M. Attya of Seminole, was visiting the boys at the time of the accident.

Survivors include his parents, Mr. and Mrs. S. M. Attya; and another brother, John, all of Seminole, Oklahoma.

The body was brought to the Hamlin Funeral Home Monday. A funeral car carried the body to Seminole Tuesday for funeral services.

The group also will carry a display of art work done by the school during past months.

## W. R. Townsend Honored as Charter Member of Abilene Church 50 Years Ago

W. R. Townsend, long-time resident of the Hamlin community, who lives six miles west of town on Route 2, was among the scores of people honored Sunday at Abilene at the golden anniversary celebration and homecoming of the University Baptist Church.

The celebration was featured by day-long special services, at which four ex-ministers of the church, that has grown to be one of West Texas' strongest congregations, spoke. A dinner on the ground had to be moved indoors because of rain through the morning.

Townsend was honored as a charter member of the church when it was organized at the corner of Anson Avenue and Grape Street on March 26, 1905. The pioneer church was formed when interested people met in a one-room school house.

M. C. D. Townsend, father of the Hamlin man, was one of the first deacons in the Abilene church. His mother and two sisters also were charter members.

C. C. Bishop, one-time Collingsworth County judge, said he recalled the organization of the church. "I remember the horses and buggies parked around the school," he said. He was a lad of seven years at the time.

Among former pastors of the church present and speaking were Dr. W. O. Vaught Jr., pastor of Immanuel Baptist Church in Little Rock, Arkansas; Rev. C. A. Powell, retired, of Crowell; Rev. E. E. Dawson, retired, of Waco; and Rev. W. E. (Bill) King, pastor of Central Baptist Church in Clovis, New Mexico.

Dr. Sterling C. Price, present pastor, conducted a memorial service for the dead, and a dedication of pictures of all the pastors, during the afternoon program.

Several people from the Hamlin area attended portions of the services during the day.

## SWIMMING POOL PLAN IS TESTING WILL TO DO

A swimming pool for Hamlin, which has been talked and kicked around for 15 years, will soon be a reality, you mark our word! It will be built because of a will-to-do on the part of a handful of forward-looking, civic-minded citizens who refused to take the discouragements of drouthy conditions, lack of money in the pockets of many people, plus the usual number of joy-killers and opponents who said it couldn't be done that always crops up when a progressive movement is being promoted.

Hamlin community has needed a swimming pool for its youngsters and grown-ups; and it has been making payments on one for several years—in the form of revenues to neighboring towns that had swimming pools. Whereas swimming pools may formerly have been looked upon as luxuries and unnecessary adjuncts to a town, they now are almost recreational necessities if a city wants to keep its youngsters contented and in town.

Those leaders of the movement, who would not be swayed by statements that a swimming pool was foolishness and unnecessary are to be commended for the devotion and determination they have given the project. They will live to see the day that they can say, "I helped to build a recreation center for

my community that pays off in dividends of happy and contented young people."

The Herald hopes that the demonstration of cooperation and loyalty to a cause in the swimming pool project will be multiplied in a number of other civic programs for the community. The plan will work many times more if our people will band together and determine to go after desirable projects for our town. Too many opportunities for advancement and securing of industrial and other enterprises for our community have been passed by simply because there were too many people saying that "it can't be done."

Cities and communities and built by the "can-be-doners," the ones who will work together and will put some of their cash to work in the community. The old adage that "you can't take it with you" still is true, and one of the best investments one can make is in the pleasure and enjoyment of his children and fellow-citizens.

Speaking of giving something for your community often brings to mind the story of the Carrolls who years ago built several buildings for a famous Texas university. Shortly thereafter the family "went broke." Then one of the boys remarked, "All we have to show for our wealth is what we gave away."

## Good Prices for Livestock Prevail First Part of Week on Fort Worth Offerings

Fed steers and heifers were steady and other slaughter classes 50 cents or more higher at Fort Worth Monday. Fat cows were strong, and lower grades were around 50 cents higher. Fat calves were 50 cents to as much as \$1 higher in some cases. Bulls were steady. This was the report of Ted Gouldy, special market reporter for the Herald, in his weekly release. He continues:

Good stocker and feeder steers continue in good demand, while low grade stockers become increasingly hard to move. Both stocker and feeder steers and steer calves were around 50 cents higher.

Fed cattle sold at \$23 down, while common to fairly good kinds brought \$15 to \$18. Fat cows sold for \$11.50 to \$12.50. Canners and cutters brought mostly \$8 to \$11. Bulls brought \$10 to \$14. Choice killing calves netted up to \$21.50.

Medium and good stocker and feeder steers and steer calves brought \$15 to \$21.50.

Choice butcher hogs topped at \$17 Monday at Fort Worth, fully 75 cents higher than last week's close. Cows were 50 cents higher and sold at \$12.50 to \$15. Less desirable weights and grades of hogs sold at \$15.50 to \$16.50.

Sheep receipts were not quite as large as last Monday, and spring lambs were fully steady with a top of \$23.50. Good and choice shorn slaughter lambs cashed at \$18.50 to \$20.

Other classes of slaughter sheep were steady. Some fairly good slaughter ewes sold at \$8. Good fat ewes are quotable up to around \$9 in the wool. Some good, No. 3 pelt shorn slaughter yearlings brought \$16.50. Common to good

safe had been loaded on the truck. Eddie Jay, owner of the business, discovered two young men in the building. They fled southeast to the Santa Fe railway and out-distanced Jay.

## Auto Inspections Lagging, Declares Highway Official

With less than a month remaining in the current motor vehicle inspection period during which motorists must get their autos inspected, Col. Homer Garrison Jr., director of the Texas Department of Public Safety, this week issued an appeal to motorists of Hamlin area to secure their inspection tags at once. About one-third of the auto owners have not yet had their vehicles inspected, he said.

"There are only about three weeks remaining," Garrison said. "In which about one-third of the cars owners in Texas must have their vehicles inspected if they are to continue operating them on the streets and highways."

Meanwhile, W. J. Elliott, chief of the Texas Highway Patrol, said that state patrolmen would begin enforcement of the law on April 16 against operators of cars not bearing the 1955 approved inspection sticker.

"We are making this last ditch appeal," Garrison added, "for car owners to visit their inspection stations without delay if inconvenience is to be avoided."

## Let's Put Teeth in Our Laws

One of the constantly recurring lessons of government is that it is useless to tell somebody to do something unless you provide a penalty if he does not do it.

Such is the case in a series of bills now before the Legislature.

These bills require publication of the full text of city ordinances, a record of the proceedings of the Commissioners Court, and annual financial statements of school, road, soil conservation and other local districts. They are badly needed to prevent laxity or downright crookedness in government.

But even if they are passed, they will be little more than pieces of paper if a companion measure, House Bill No. 148, is not also approved.

H. B. 148 carries the legal artillery for the "freedom of information" bills. It fixes definite responsibility on certain officials for publishing records. If those office-holders fail to carry out this duty, they will be subject to removal from office.

This proposed law has real teeth in it; it allows no leeway. Conscientious officials will have nothing to fear, but woe to the "public servant" who would try to cover up incompetence or dishonesty through suppression of records.

## What Do You Think of This?

The average business man of the Hamlin section has made out his income tax return for 1954 now, but he is still smarting at the way his government penalizes any semblance of prosperity he may have had.

Not to give him any comfort, but just to let him have something else to think about in connection with his return, we submit:

To print the 1040 income tax package for 1954 returns (including copies of the return, approximate schedules and instructions) over 7,000,000 pounds of paper were used, according to reliable estimates. This represents the equivalent of enough blank stock to load 143 standard railroad freight cars. Two tank cars of ink—about 70,000 pounds—went into this monumental printing job done by the government printing office.

In addition to this book printing, the GOP will turn out 36 carloads—cr 100,000,000—single copies of 1040, and eight carloads of instructions and punchcards for taxpayers who filed the new, simplified 1040-A return.

All work and no play make Jack a dull boy.

## Admiration through Slight

During the Civil War one day Jefferson Davis wanted a reliable officer for an important command. He asked General Lee what he thought of a certain man named Whiting for the post. Lee commended him highly.

One of the latter's officers was much surprised at General Lee's recommendation. Calling General Lee aside, he asked him if he knew what derogatory things Whiting had been saying about him. Lee answered, "I understand that the president wanted to know my opinion of Whiting, not Whiting's opinion of me."

Big men are too magnanimous to take note to criticism or slights. It is the small man, the man who is self-important, who cannot overlook personal attacks.

## Editorial of the Week

### A BOWL OF SOUP

One of the big soup companies is planning an advertising campaign to urge soup for breakfast. Whether the doctors and dieticians will approve cannot be foretold, though most anything would seem an improvement over the coffee and doughnuts with which so many millions begin the day. But those who like soup will be delighted.

Some of them have been having soup at breakfast for years, when it has been possible to do so undetected. Indeed, they are honored members of that stubborn but necessarily furtive breed of men who believe free citizens have the right to eat what they choose when they choose, be it a big steak at noon or corn flakes in the evening.

They must eat alone when they indulge themselves, unless another member of the cult is available. Ordinary men consider them eccentric.

Wives believe it heresy to eat any dish not approved for that particular meal by the women's magazines. If necessary they will employ the unanswerable argument that unorthodoxy at the table is a bad example to the children. Restaurant proprietors also are distressed by the customer who asks for something not on the menu, and waiters regard him with a special loathing.

Conformists may smile at the idea of soup in the morning. But Frenchmen, the wisest of men in matters concerning the flesh, long have known hot onion soup to be especially soothing to an abused stomach. There is no reason whatever why an honest man should not have soup for breakfast. Preceded, perhaps, by a few raw oysters.—Fort Worth Press.

## Preview of Easter Fashions Staged by Beta Theta Gets Funds for Swim Pool

All proceeds from tickets to the Preview of Easter Fashions presented Monday evening by the Beta Theta chapter of Beta Sigma Phi went to the community recreation project. The show, staged at the Junior High School auditorium, was attended by a large crowd.

Mrs. S. C. Ferguson Jr., president of the sorority, welcomed guests. Mrs. W. F. Martin was commentator for the evening, and she described the ensembles that were worn by models from Ma-lou's, Bailey's, McDonald's, the Style Mart and Frank's.

These members of Beta Sigma Phi modeled casual and dressy clothes: Mrs. E. D. Perrin, Mrs. Jerry Waggoner, Mrs. Weldon Carlton, Mrs. M. L. Smith, Mrs. W. T. Johnson and Mrs. Edgar Boaz. Mrs. Weldon Griggs, Mrs. Gerald Young, Pat Maberry, Mrs. Boaz and Mrs. Waggoner modeled evening dresses.

Six high school girls modeled bathing suits and drew the names for the door prizes that were donated by all merchants participating in the show. The girls were Judy Harden, Janis Crowley, Annette Fletcher, Mary Ann Williams, Donna Jan Kidd and Renee Moore.

Noble Canida, band director at DePriest Colored School, played Easter musical selections on the piano as the models were presented. He also sang and played "Let Me Go, Lover," and "That Lucky Ole Sun."

Linda Carlton sang "Easter Parade." She was accompanied by Elizabeth Norton. They are both students at Hamlin High School. Yvonne Conner and Peggy Higdon presented a tap routine on "Bell Bottom Blues."

Punch and cookies were served from a table laid with a white cloth centered with an arrangement of pink carnations in a straw hat. Straw fans flanked the bouquet. Twin punch bowls and other appointments in crystal completed the table.

The stage was set with a green picket fence entwined with redbud branches. Chartreuse trees with Easter baskets hanging from their branches were along the fence. Pastel colored balloons simulating Easter eggs lay along the fence border. Green grass covered the stage and steps that the models descended onto the audience level.

Mrs. Bill Feagan assisted Mrs. Martin with all arrangements for the show.

Publicity committee was composed of Mrs. E. D. Perrin, Mrs. Cliff Reynolds Jr., Mrs. Toby Williams and Mrs. Weldon Carlton.

Mrs. S. C. Ferguson Jr. was in charge of the decorations, with Mrs. Jerry Waggoner, Mrs. Garland Preston, Mrs. J. O. Ballard and Mrs. H. L. McHaffey helping her.

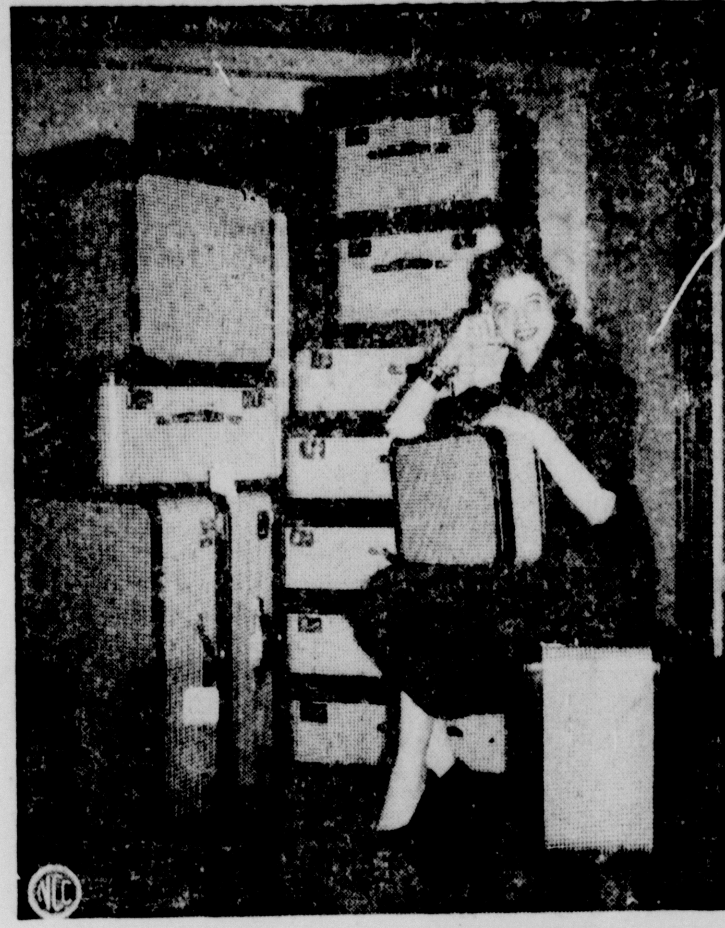

Mrs. George Poe headed the entertainment committee, with Mrs. M. L. Smith, Mrs. Wesley Nail and Mrs. Johnny Taylor assisting.

Dressing room committee was composed of Mrs. E. J. Hawkins, Mrs. Johnny Bryant and Mrs. Earl Smith.

Social committee consisted of Mrs. C. Weldon Griggs, Mrs. Gerald Young, Mrs. W. T. Johnson and Mrs. Vernon Townsend. Mrs. Arlie Cassle and Mrs. Brad Rowland Jr. assisted them.

Mildred Hymer of Mildred's Beauty Shop did the hair styling of the models and assisted behind the scenes. Rockwell Lumber Company loaned the picket fence. Mrs. Ted Russeel donated the redbud branches.

Attending the affair were Rev. and Mrs. Houston Walker, Mr. and Mrs. I. R. Huchingson, Mr. and Mrs. Noel Weaver, Mr. and Mrs. Delma Sheleburne, Mr. and Mrs. Ben Parker, Mr. and Mrs. T. F. Voess, Mr. and Mrs. Tom Nall, Mr. and Mrs. Everett Gibson, Mr. and Mrs. M. H. Castleberry, Mrs. La-Foy Patterson and Mrs. Watt Fletcher.

## Camp Fire Girls Give Father-Daughter Banquet Friday Eve at Guest House

A patriotic theme highlighted the annual father-daughter banquet sponsored Friday evening at the oil mill guest house by members and leaders of the Camp Fire Girls units in Hamlin.

Featuring the colors of red, white and blue, the table was centered with blue and red paper streamers on which large white stars were placed. Blue liberty bells with the inscription, "Let Freedom Ring," marked places for the fathers, who were honored guests. The Bluebirds' places were designated by miniature dolls in crepe paper dresses.

Opening remarks were made by C. L. Howard, toastmaster and president of the local Camp Fire Girls Association.

After invocation by J. C. Turner, the dinner was served by the daughters to their guests from colorful and beautifully decorated boxes prepared for the occasion.

Highlight of the evening was the candle-lighting ceremony. The anniversary cake in the shape of a large American flag was topped with 43 candles in observance of the forty-third anniversary of the Camp Fire Girls movement. Candles were lighted by Diane Anderson for the Bluebirds, Judy Fitzgerald for the Twin Circle group, and Gloria Jenkins for the Robin's Kin unit. Cake was served to 96 members and guests present.

The program was prepared and produced by the groups and their leaders. The Bluebirds, which is the first-year group composed of 20 second grade girls, sang a song, "Six Little Ducks," and recited the Bluebird wish. Leaders of this group are Mrs. Clifford Reynolds Jr. and Mrs. Diamond Anderson.

The Twin Circle group presented a marionette show, "Bluebirds for Happiness." The entire group participated in the playlet and singing of "Young at Heart" and "Count Your Blessings." This band of 18 girls from the third grade has as its leaders Mrs. Ray Johnson and Mrs. J. D. Adams.

The Robin's Kin unit of fourth grade girls, under the leadership of Mrs. Willard Maberry and Mrs. Delbert Rountree, presented a hand puppet dramatization of "Little Black Sambo." Following this clever presentation, the group sang and led all attendants present in "America."

Weldon Johnson presented two color films of Carlsbad Caverns and the Grand Canyon.

## Wilson Brothers Provide Program For Rotary Session

Two former Hamlin young men, Jack Wilson of Anson and Stanley Wilson of Abilene, provided the program for the Wednesday noon luncheon of the Hamlin Rotary Club when it met at the oil mill guest house in regular weekly session.

The young men, sons of the late Mr. and Mrs. M. Y. Wilson who lived for many years at Hamlin, are well known in the community. Jack is operating a furniture store in the county seat, and Stanley is practicing law in Abilene.

Jack Wilson sang two solos, "Without a Song" and "Road to Mandalay." He was accompanied by Mrs. Knox Pittard, also of Anson.

Attorney Wilson spoke on state and national governments, comparing the three principal departments—executive, legislative and judicial—of the two branches of government. He discussed at length the operation of the judicial system of Texas, beginning with the recently established small claims court of the justice of the peace officer and following through to the highest Supreme Court and appellate courts of the state. He dwelt at length on the civil suits for debts that now may be handled through the courts with considerable success.

Besides the Wilson men and Mrs. Pittard, other guests at the Wednesday luncheon included Rev. Woodrow McHugh, pastor of the North Central Avenue Baptist Church; Jackie Drummond, Junior Rotarian; Ralph E. Wallace and George Beard of Sweetwater; and Curtis Dugan of Snyder.

**LAST WEEK'S MYSTERY FARM PICTURE** (above) was correctly identified first by Mrs. Ester Hastings of Hamlin as that of Mrs. Ed Johnson, five miles southwest of town. She will receive a one-year subscription to Your Home Town Paper. The 333-acre place is occupied by Mr. and Mrs. Louis Johnson, who are raising cotton, wheat and head grains, and they have 41 head of fine Hereford cattle for good measure. Soil and water conservation practices have been used on the place for several years.

## Mrs. Ester Hastings Identifies Mystery Farm Picture First

And last week's prize of a one-year subscription to The Hamlin Herald will go to Mrs. Ester Hastings of Hamlin for being the first to correctly identify the weekly mystery farm picture now being run as a feature in Your Home Town Paper.

The aerial view printed in last week's paper was of the Mrs. Ed Johnson place, five miles southwest of Hamlin.

The place, originally known as the south half of the Vaul Davis section, was acquired by D. J. Payne many years ago. E. W. and J. L. Johnson bought the place in 1920 from D. J. Payne. Only about 20 acres was in cultivation at that time. Fifty acres more of the 333-acre place was grubbed and put into cultivation that year.

The present house was built in 1928. More land was put into cultivation and now 210 acres is being used for crops. In 1936 E. W. (Edd) bought his brother Jim's undivided interest in the place and moved to it in February, and it has been home to the family ever since.

Lewis and Leonard Johnson have worked the farm since their father's death in September, 1943. Lewis lives on the farm. Paul, the oldest son, lives at San Angelo.

Good farm practices have been utilized on the place, where terracing and contouring are regular practices. Wheat, cotton and feeds are raised, and the Johnsons have 41 head of Hereford cattle on the place.

Lewis Johnson and his wife, Christina, were married in 1942. They have two children, Kay, 10 years old, and Keith, four. They are members of the Baptist Church.

### TIME TO GET BUSY.

## Evangelist H. S. Kolb Has Odd Background For Unusual Ministry

Rev. Howard S. Kolb, who will do the preaching in the revival services beginning Sunday at the First Baptist Church, has had a varied experience in his ministry, according to Rev. Houston Walker, pastor of the church.

Rev. Kolb, is pastor of the oldest Baptist Church in Fort Worth, the Birdville Baptist Church, that was founded in 1853. The church now has a membership of around 1,200 and an annual budget of \$75,000. A few weeks ago the church began construction of a \$90,000 educational building.

Walker served four years with the Birdville church as associate pastor while attending Southwestern Baptist Theological Seminary.

Rev. Kolb studied his high school subjects under a Jewish tutor and won a diploma from a Roman Catholic institution. Originally from Mississippi, he moved to New Orleans, Louisiana, and took a business course. He later was engaged in the business world, but felt called to preach. Such a course necessitated his continuing his high school education. It was at this time that he received private Jewish tutoring plus entrance into a Catholic academy—a rather unusual educational background for a Baptist minister.

He is a graduate of Union University of Jackson, Tennessee, and of Southwestern Theological Seminary of Fort Worth.

At least five Hamlin people are planning this week to attend the annual convention of the 14th District Congress of Parents and Teachers next Wednesday and Thursday at Levelland, according to Mrs. J. C. Turner, president of the Hamlin P-TA.

Beginning the session will be a banquet Wednesday night at which veteran teachers and area superintendents will be honored. Lulan Vaughan, who has taught in Hamlin Schools more than 25 years, will be signally honored at the banquet.

Superintendent I. R. Huchingson of Hamlin will be in charge of a discussion team at the convention, where three topics will be featured: "Explain the Cooperation of the Individual in PTA Functions," "Part of the Superintendent in P-TA Work" and "The PTA Cooperating in Community Activities."

On the discussion panel with Huchingson will be Mrs. Moore, Cagel Hunt of Roby, Mrs. Herman Cox of Stamford, E. M. Connell, N. H. Touchstone and Mrs. W. T. Dennon of Anson.

Planning to attend the regional meeting from Hamlin are Mrs. Turner; Mrs. Starr Inzer, president-elect; Mrs. Ned Moore, member of district board; Miss Vaughan and Huchingson.

It all depends on how you look at it. These are all American pennies. Worth, at face value, only one cent. But to a coin collector, some of these pennies are worth many times more. To him, their real value is high.

The real value of the pennies you spend for electric service is high, too. Think what you get for them in terms of comfort, convenience and easier living.

Electric service is always there to help with the housework, the cooking, the laundry and dishwashing. It will warm the baby's bottle late at night or help Dad shave in the morning.

When you count all the things your electric service does for you, don't you agree that you get more for the electric pennies than for the money you spend for anything else in your family budget?

CLARENCE BAILEY, veteran dry goods merchant, was observed the other morning sweeping in front of his department store and displaying a brand of fineness with a broom seldom exemplified in these parts. And he admitted that he was good, too.

"When you have your tonsils removed they call it a tonsillectomy," Joe Jr. pointed out. "When they remove your appendix, they call it an appendectomy. What do they call it when they remove a growth from your head?"

"I give up, son," admitted the Senior League. "What do they call it when they remove a growth from your head?"

"Haircut!"

INCOME TAX paying time reminds us of a yarn that has been going the rounds about tax deductions for contributions to a church in a certain West Texas city.

A government income tax inspector visited the clergyman of the local city and expressed a desire to see his church. The clergyman, beaming with unconcealed pleasure at hearing this request from a government representative, readily agreed. After the inspection, the proud reverend turned to the inspector and inquired what he thought of it.

"Frankly, I'm a bit disappointed," said the inspector.

The clergyman, quite taken back by this remark, naturally asked the reason.

"Well," said the government man, "after looking at the reports in the income tax papers of your parishioners and the huge gifts they claim to your church, I had come to the conclusion that the slas must be paved with gold."

## Quick Subscription Drive for Herald to Boost Pool Funds

### Four High School Classes to Share In Commissions

In a campaign designed to put the swimming pool fund "over the top" through a concerted two-week subscription contest sponsored by The Hamlin Herald, the four class groups in Hamlin High School were making plans for a whirlwind drive.

In announcing the campaign, it was pointed out by publishers of The Herald that, instead of hiring a high-powered out-of-town subscription promoter to come and stage a drive, in which an automobile and other prizes would be presented to individual leaders in the drive, two local agencies would be benefitted—the swimming pool and the four classes.

Regular subscription prices for Your Home Town Paper will be charged—\$2.50 per year within the 50-mile first mailing zone, and \$3 per year for subscriptions more than 50 miles away. A limit of four years (for \$10) is being set for individual subscription orders.

Of the gross subscription money received, The Herald is allowing the swimming pool and classes to share \$1 commission on each subscription. An additional award will be given to the class turning in the most subscriptions.

Swimming Pool Drive Chairman Jack Russell and Publisher June Jones of The Herald estimated that from \$1,500 to \$2,000 could be raised for the swimming pool fund through the subscription drive. Both new and renewal subscriptions to the paper will be counted.

Classes at school were being organized for the drive this week-end, school officials said, with the actual drive scheduled to get underway Monday.

## Mexican with Crime Record Admits Burglary of Cafe and Theft of Car Here

Lupe Gonzales, 18-year-old Mexican, who had a criminal record here and in California, was arrested in Hamlin Wednesday morning by Police Chief J. H. Foster on a burglary charge in connection with the burglary of Pearl's Cafe on the night of March 14.

Later the youth was charged with theft in connection with the loss of a car on the following night from behind the City Cafe.

After being faced with the charges, Gonzales admitted both the crimes. He was picked up by Sheriff Dave Reves and taken to Anson Wednesday afternoon and placed in the Jones County jail.

Gonzales admitted taking the 1946 model Ford car belonging to Buck Bishop from the rear of the City Cafe. The keys were left in the car by Bishop when he went to a local theater. After driving to Stamford, Gonzales said he drove back to Hamlin that

### Laundry Operators Injured Sunday in Collision of Cars

Mr. and Mrs. H. E. Black, operators of Black's Help-Self Laundry in Hamlin, were due to be released from Hamlin Memorial Hospital (yesterday (Thursday) it was announced Wednesday by hospital attaches.

The Blacks were painfully but not seriously injured Sunday afternoon when they were involved in a two-car collision at the intersection of State Highway 126 and U. S. Highway 180 in the Boyd Chapel community, eight miles south of Hamlin.

H. W. Jobe of Lamesa, driver of the other car, was reported resting well Wednesday in the Anson General Hospital. He was the most seriously injured.

Jobe was driving west on U. S. Highway 180 and the Blacks were moving south on State Highway 126 when the accident occurred.

The accident was investigated by men of the Texas Highway Patrol, who said the Blacks' car halted at a stop sign before crossing Highway 180, then pulled out but misjudged the Jobe car and crashed into the side of it.

### Car License Issuing Lagging at Hamlin

With less than a week to go to secure 1955 automobile and truck licenses without penalty, Hamlin area motorists were reported lagging in purchases, according to Jim Howard King, local distributor for the new tags. Only about 30 per cent of the tentative number of license plates had been issued Wednesday, he said.

King urged motorists not to wait until the deadline, which is next Thursday, to rush in and try to get all their tags.

The distributor repeated that motorists will need last year's license receipts as well as their title papers.

### Boy Caught in Cable Spool, Other Workmen Believe

Hammett Attyia, 18-year-old oil field worker of Seminole, Oklahoma, was killed instantly between 5:00 and 5:30 o'clock Monday afternoon in an accident on the Frank Steele lease, 14 miles west of Hamlin in Fisher County.

The young man, an employee of the Welch Drilling Company of Anson, was fatally injured when he apparently was caught between a cable and the drum spool during a well clean-out operation, according to two fellow workers. The other workmen did not see the accident, but surmised the manner of the accident.

Justice of the Peace Hollis Head of Roby, who investigated, returned a verdict of accidental death.

The Welch concern was working on old wells in the Royston Field.

Born in Seminole, Oklahoma, on April 21, 1936, Attyia left there about a month ago to come to this area. He lived at Anson with a brother, Haney. Their father, S. M. Attyia of Seminole, was visiting the boys at the time of the accident.

Survivors include his parents, Mr. and Mrs. S. M. Attyia; and another brother, John, all of Seminole, Oklahoma.

The body was brought to the Hamlin Funeral Home Monday. A funeral car carried the body to Seminole Tuesday for funeral services.

The group also will carry a display of art work done by the school during past months.

## Rains Help But Cold Hurts Crops in Area

Rains Saturday and Sunday night in the Hamlin region were welcome sights to farmers and ranchers and others in the section that is beginning to show signs of getting dry again. Government gauge at Hamlin recorded .76 of an inch for a two-day period.

Rains in adjoining regions registered rainfall up to nearly two inches, according to a check of farmers in the vicinity. Neinda community, six miles south of town, got an inch and a quarter;

Hitson community and northwest of town received an inch and a half; Tuxedo and Plainview communities northeast and east from here registered up to an inch and three-quarters.

The precipitation gave further boosts to the small grain crop in the region. Farmers also were planning to hit the planting chore of head grains and gardens with the new moisture in the ground.

A cold snap following the showers Monday night did considerable damage to flowers, gardens and the fruit crop of the Hamlin section, it is reported. Temperatures dropped to 26, according to thermometers in the region. Extent of damage to the fruit could not be determined immediately, but fear was expressed that most of the young fruit buds were killed by the sudden freeze.

Drive on Speeders Goes On Despite Petition

Campaign started several weeks ago by city officials to slow down automobile speeders within the city limits continued this week with the filing of six offenders in city court.

Family of a multiple-offense young violator, miffed at continued speeding charges, were circulating a petition that criticized the local officers, it is reported. Only a few signers could be secured for the paper, a local citizen told Mayor Willard Jones.

Dr. Gould's Condition Reported Improved

Health condition of Dr. Don Gould, former Hamlin chiropractor, is much improved according to local friends.

Dr. Gould has been recuperating in the home of Dr. and Mrs. W. R. C. Allen at Abilene.

## W. R. Townsend Honored as Charter Member of Abilene Church 50 Years Ago

W. R. Townsend, long-time resident of the Hamlin community, who lives six miles west of town on Route 2, was among the scores of people honored Sunday at Abilene at the golden anniversary celebration and homecoming of the University Baptist Church.

The celebration was featured by day-long special services, at which four ex-ministers of the church, that has grown to be one of West Texas' strongest congregations, spoke. A dinner on the ground had to be moved indoors because of rain through the morning.

Townsend was honored as a charter member of the church when it was organized at the corner of Anson Avenue and Grape Street on March 26, 1905. The pioneer church was formed when interested people met in a one-room school house.

M. C. D. Townsend, father of the Hamlin man, was one of the first deacons in the Abilene church. His mother and two sisters also were charter members.

C. C. Bishop, one-time Collingsworth County judge, said he recalled the organization of the church. "I remember the horses and buggies parked around the school," he said. He was a lad of seven years at the time.

Among former pastors of the church present and speaking were Dr. W. O. Vaught Jr., pastor of Immanuel Baptist Church in Little Rock, Arkansas; Rev. C. A. Powell, retired, of Crowell; Rev. E. E. Dawson, retired, of Waco; and Rev. W. E. (Bill) King, pastor of Central Baptist Church in Clovis, New Mexico.

Dr. Sterling C. Price, present pastor, conducted a memorial service for the dead, and a dedication of pictures of all the pastors, during the afternoon program.

Several people from the Hamlin area attended portions of the services during the day.

Mr. and Mrs. W. E. Brown of Midland are announcing the arrival of a girl, Elizabeth Alice, born March 14 and weighing nine pounds eight and one-half ounces. Maternal grandparents are Mr. and Mrs. Tom Routh.

Three new citizens have been registered at the Hamlin Memorial Hospital since last week's report in The Herald. Two boys and a girl, they are:

A boy for Mr. and Mrs. Leroy Morrow of Aspermont, who arrived March 16 at 6:45 p. m. Weighing seven pounds 13 ounces, the young man has been named Billy Roy.

A girl was born to Mr. and Mrs. Charles McDaniel of Hamlin on March 17 at 4:23 a. m. After having her weight checked at seven pounds four and one-half ounces, she approved the name Debra Lynn.

A boy was born to Mr. and Mrs. Charles Toler of Roby on March 20 at 3:05 a. m. The lightweight of the week at six pounds 11 ounces, she has been named Brett Lee.

GOVERNOR TESTIFIES BEFORE COMMITTEE—Governor Allan Shivers (left) testified before Senate investigators at Austin that neither he nor any member of his staff has ever brought any "undue pressure" in the veterans' land program transactions. Listening to the governor are Dorsey Hardeman (right) of San Angelo, chairman of the committee, and Crawford Martin of Hillsboro, a member of the committee. Mrs. Agnes Miller, court stenographer, takes the statement.

## SWIMMING POOL PLAN IS TESTING WILL TO DO

A swimming pool for Hamlin, which has been talked and kicked around for 15 years, will soon be a reality, you mark our word! It will be built because of a will-to-do on the part of a handful of forward-looking, civic-minded citizens who refused to take the discouragements of drouthy conditions, lack of money in the pockets of many people, plus the usual number of joy-killers and opponents who said it couldn't be done that always crops up when a progressive movement is being promoted.

Hamlin community has needed a swimming pool for its youngsters and grown-ups; and it has been making payments on one for several years—in the form of revenues to neighboring towns that had swimming pools. Whereas swimming pools may formerly have been looked upon as luxuries and unnecessary adjuncts to a town, they now are almost recreational necessities if a city wants to keep its youngsters contented and in town.

Those leaders of the movement, who would not be swayed by statements that a swimming pool was foolishness and unnecessary are to be commended for the devotion and determination they have given the project. They will live to see the day that they can say, "I helped to build a recreation center for

my community that pays off in dividends of happy and contented young people."

The Herald hopes that the demonstration of cooperation and loyalty to a cause in the swimming pool project will be multiplied in a number of other civic programs for the community. The plan will work many times more if our people will band together and determine to go after desirable projects for our town. Too many opportunities for advancement and securing of industrial and other enterprises for our community have been passed by simply because there were too many people saying that "it can't be done."

Cities and communities and built by the "can-be-doners," the ones who will work together and will put some of their cash to work in the community. The old adage that "you can't take it with you" still is true, and one of the best investments one can make is in the pleasure and enjoyment of his children and fellow-citizens.

Speaking of giving something for your community often brings to mind the story of the Carrolls who years ago built several buildings for a famous Texas university. Shortly thereafter the family "went broke." Then one of the boys remarked, "All we have to show for our wealth is what we gave away."

## Let's Put Teeth in Our Laws

One of the constantly recurring lessons of government is that it is useless to tell somebody to do something unless you provide a penalty if he does not do it.

Such is the case in a series of bills now before the Legislature.

These bills require publication of the full text of city ordinances, a record of the proceedings of the Commissioners Court, and annual financial statements of school, road, soil conservation and other local districts. They are badly needed to prevent laxity or downright crookedness in government.

But even if they are passed, they will be little more than pieces of paper if a companion measure, House Bill No. 148, is not also approved.

H. B. 148 carries the legal artillery for the "freedom of information" bills. It fixes definite responsibility on certain officials for publishing records. If those office-holders fail to carry out this duty, they will be subject to removal from office.

This proposed law has real teeth in it; it allows no leeway. Conscientious officials will have nothing to fear, but woe to the "public servant" who would try to cover up incompetence or dishonesty through suppression of records.

## What Do You Think of This?

The average business man of the Hamlin section has made out his income tax return for 1954 now, but he is still smarting at the way his government penalizes any semblance of prosperity he may have had.

Not to give him any comfort, but just to let him have something else to think about in connection with his return, we submit:

To print the 1040 income tax package for 1954 returns (including copies of the return, approximate schedules and instructions) over 7,000,000 pounds of paper were used, according to reliable estimates. This represents the equivalent of enough blank stock to load 143 standard railroad freight cars. Two tank cars of ink—about 70,000 pounds—went into this monumental printing job done by the government printing office.

In addition to this book printing, the GOP will turn out 36 carloads—or 100,000,000—single copies of 1040, and eight carloads of instructions and punchcards for taxpayers who filed the new, simplified 1040-A return.

All work and no play make Jack a dull boy. —James Thurman

## Admiration through Slight

During the Civil War one day Jefferson Davis wanted a reliable officer for an important command. He asked General Lee what he thought of a certain man named Whiting for the post. Lee commended him highly.

One of the latter's officers was much surprised at General Lee's recommendation. Calling General Lee aside, he asked him if he knew what derogatory things Whiting had been saying about him. Lee answered, "I understand that the president wanted to know my opinion of Whiting, not Whiting's opinion of me."

Big men are too magnanimous to take note to criticism or slights. It is the small man, the man who is self-important, who cannot overlook personal attacks.

## Editorial of the Week

A BOWL OF SOUP

One of the big soup companies is planning an advertising campaign to urge soup for breakfast. Whether the doctors and dieticians will approve cannot be foretold, though most anything would seem an improvement over the coffee and doughnuts with which so many millions begin the day. But those who like soup will be delighted.

Some of them have been having soup at breakfast for years, when it has been possible to do so undetected. Indeed, they are honored members of that stubborn but necessarily furtive breed of men who believe free citizens have the right to eat what they choose when they choose, be it a big steak at noon or corn flakes in the evening.

They must eat alone when they indulge themselves, unless another member of the cult is available. Ordinary men consider them eccentric.

Wives believe it heresy to eat any dish not approved for that particular meal by the women's magazines. If necessary they will employ the unanswerable argument that unorthodoxy at the table is a bad example to the children. Restaurant proprietors also are distressed by the customer who asks for something not on the menu, and waiters regard him with a special loathing.

Conformists may smile at the idea of soup in the morning. But Frenchmen, the wisest of men in matters concerning the flesh, long have known hot onion soup to be especially soothing to an abused stomach. There is no reason whatever why an honest man should not have soup for breakfast. Preceded, perhaps, by a few raw oysters.—Fort Worth Press.

## Auto Inspections Lagging, Declares Highway Official

With less than a month remaining in the current motor vehicle inspection period during which motorists must get their autos inspected, Col. H. C. Garrison Jr., director of the Texas Department of Public Safety, this week issued an appeal to motorists of Hamlin area to secure their inspection tags at once. About one-third of the auto owners have not yet had their vehicles inspected, he said.

"There are only about three weeks remaining," Garrison said, "in which about one-third of the cars owners in Texas must have their vehicles inspected if they are to continue operating them on the streets and highways."

Meanwhile, W. J. Elliott, chief of the Texas Highway Patrol, said that state patrolmen would begin enforcement of the law on April 16 against operators of cars not bearing the 1955 approved inspection sticker.

"We are making this last ditch appeal," Garrison added, "for car owners to visit their inspection stations without delay if inconvenience is to be avoided."

## SWIMMING POOL PLAN IS TESTING WILL TO DO

A swimming pool for Hamlin, which has been talked and kicked around for 15 years, will soon be a reality, you mark our word! It will be built because of a will-to-do on the part of a handful of forward-looking, civic-minded citizens who refused to take the discouragements of dour conditions, lack of money in the pockets of many people, plus the usual number of joy-killers and opponents who said it couldn't be done that always crops up when a progressive movement is being promoted.

Hamlin community has needed a swimming pool for its youngsters and grown-ups; and it has been making payments on one for several years—in the form of revenues to neighboring towns that had swimming pools. Whereas swimming pools may formerly have been looked upon as luxuries and unnecessary adjuncts to a town, they now are almost recreational necessities if a city wants to keep its youngsters contented and in town.

Those leaders of the movement, who would not be swayed by statements that a swimming pool was foolishness and unnecessary are to be commended for the devotion and determination they have given the project. They will live to see the day that they can say, "I helped to build a recreation center for

my community that pays off in dividends of happy and contented young people."

The Herald hopes that the demonstration of cooperation and loyalty to a cause in the swimming pool project will be multiplied in a number of other civic programs for the community. The plan will work many times more if our people will band together and determine to go after desirable projects for our town. Too many opportunities for advancement and securing of industrial and other enterprises for our community have been passed by simply because there were too many people saying that "it can't be done."

Cities and communities are built by the "can-be-doners," the ones who will work together and will put some of their cash to work in the community. The old adage that "you can't take it with you" still is true, and one of the best investments one can make is in the pleasure and enjoyment of his children and fellow-citizens.

Speaking of giving something for your community often brings to mind the story of the Carrolls who years ago built several buildings for a famous Texas university. Shortly thereafter the family "went broke." Then one of the boys remarked, "All we have to show for our wealth is what we gave away."

## Let's Put Teeth in Our Laws

One of the constantly recurring lessons of government is that it is useless to tell somebody to do something unless you provide a penalty if he does not do it.

Such is the case in a series of bills now before the Legislature.

These bills require publication of the full text of city ordinances, a record of the proceedings of the Commissioners Court, and annual financial statements of school, road, soil conservation and other local districts. They are badly needed to prevent laxity or downright crookedness in government.

But even if they are passed, they will be little more than pieces of paper if a companion measure, House Bill No. 148, is not also approved.

H. B. 148 carries the legal artillery for the "freedom of information" bills. It fixes definite responsibility on certain officials for publishing records. If those office-holders fail to carry out this duty, they will be subject to removal from office.

This proposed law has real teeth in it; it allows no leeway. Conscientious officials will have nothing to fear, but woe to the "public servant" who would try to cover up incompetence or dishonesty through suppression of records.

## What Do You Think of This?

The average business man of the Hamlin section has made out his income tax return for 1954 now, but he is still smarting at the way his government penalizes any semblance of prosperity he may have had.

Not to give him any comfort, but just to let him have something else to think about in connection with his return, we submit:

To print the 1040 income tax package for 1954 returns (including copies of the return, approximate schedules and instructions) over 7,000,000 pounds of paper were used, according to reliable estimates. This represents the equivalent of enough blank stock to load 143 standard railroad freight cars. Two tank cars of ink—about 70,000 pounds—went into this monumental printing job done by the government printing office.

In addition to this book printing, the GOP will turn out 36 carloads—or 100,000,000—single copies of 1040, and eight carloads of instructions and punchcards for taxpayers who filed the new, simplified 1040-A return.

All work and no play make Jack a dull boy.—James Thurman

## Admiration through Slight

During the Civil War one day Jefferson Davis wanted a reliable officer for an important command. He asked General Lee what he thought of a certain man named Whiting for the post. Lee commended him highly.

One of the latter's officers was much surprised at General Lee's recommendation. Calling General Lee aside, he asked him if he knew what derogatory things Whiting had been saying about him. Lee answered, "I understand that the president wanted to know my opinion of Whiting, not Whiting's opinion of me."

Big men are too magnanimous to take note to criticism or slights. It is the small man, the man who is self-important, who cannot overlook personal attacks.

## Editorial of the Week

### A BOWL OF SOUP

One of the big soup companies is planning an advertising campaign to urge soup for breakfast. Whether the doctors and dieticians will approve cannot be foretold, though most anything would seem an improvement over the coffee and doughnuts with which so many millions begin the day. But those who like soup will be delighted.

Some of them have been having soup at breakfast for years, when it has been possible to do so undetected. Indeed, they are honored members of that stubborn but necessarily furtive breed of men who believe free citizens have the right to eat what they choose when they choose, be it a big steak at noon or corn flakes in the evening.

They must eat alone when they indulge themselves, unless another member of the cult is available. Ordinary men consider them eccentric.

Wives believe it heresy to eat any dish not approved for that particular meal by the women's magazines. If necessary they will employ the unanswerable argument that unorthodoxy at the table is a bad example to the children. Restaurant proprietors also are distressed by the customer who asks for something not on the menu, and waiters regard him with a special loathing.

Conformists may smile at the idea of soup in the morning. But Frenchmen, the wisest of men in matters concerning the flesh, long have known hot onion soup to be especially soothing to an abused stomach. There is no reason whatever why an honest man should not have soup for breakfast. Preceded, perhaps, by a few raw oysters.—Fort Worth Press.

## Good Prices for Livestock Prevail First Part of Week on Fort Worth Offerings

Fed steers and heifers were steady and other slaughter classes 50 cents or more higher at Fort Worth Monday. Fat cows were strong, and lower grades were around 50 cents higher. Fat calves were 50 cents to as much as \$1 higher in some cases. Bulls were steady. This was the report of Ted Gouldy, special market reporter for the Herald, in his weekly release. He continues:

Good stocker and feeder steers continue in good demand, while low grade stockers become increasingly hard to move. Both stocker and feeder steers and steer calves were around 50 cents higher.

Fed cattle sold at \$23 down, while common to fairly good kinds brought \$15 to \$18. Fat cows sold for \$11.50 to \$12.50. Canners and cutters brought mostly \$8 to \$11. Bulls brought \$10 to \$14. Choice killing calves netted up to \$21.50.

Medium and good stocker and feeder steers and steer calves brought \$15 to \$21.50.

Choice butcher hogs topped at \$17 Monday at Fort Worth, fully 75 cents higher than last week's close. ows were 50 cents higher and sold at \$12.50 to \$15. Less desirable weights and grades of hogs sold at \$15.50 to \$16.50.

Other classes of slaughter sheep were steady. Some fairly good slaughter ewes sold at \$8. Good fat ewes are quotable up to around \$9 in the wool. Some good, No. 3 pelt shorn slaughter yearlings brought \$16.50. Common to good

safe had been loaded on the truck. Eddie Jay, owner of the business, discovered two young men in the building. They fled southeast to the Santa Fe railway and out-distanced Jay.

## Auto Inspections Lagging, Declares Highway Official

With less than a month remaining in the current motor vehicle inspection period during which motorists must get their autos inspected, Col. Homer Garrison Jr., director of the Texas Department of Public Safety, this week issued an appeal to motorists of Hamlin area to secure their inspection tags at once. About one-third of the auto owners have not yet had their vehicles inspected, he said.

"There are only about three weeks remaining," Garrison said, "in which about one-third of the cars owners in Texas must have their vehicles inspected if they are to continue operating them on the streets and highways."

Meanwhile, W. J. Elliott, chief of the Texas Highway Patrol, said that state patrolmen would begin enforcement of the law on April 16 against operators of cars not bearing the 1955 approved inspection sticker.

"We are making this last ditch appeal," Garrison added, "for car owners to visit their inspection stations without delay if inconvenience is to be avoided."

## School Leaders Attend Area Meet at Abilene

Several school administrators and members of the board of trustees of the Hamlin Consolidated Independent School District were scheduled to go to Abilene yesterday (Thursday) evening to Abilene to attend a dinner meeting of the Oil Belt School Masters and School Boards Association.

Meeting at 6:00 o'clock Thursday evening in the South Junior High School cafeteria, the session was planned in cooperation with the Texas Association of School Boards. Administrators and board members from 28 counties of the area were to be present.

## Preview of Easter Fashions Staged by Beta Theta Gets Funds for Swim Pool

All proceeds from tickets to the Preview of Easter Fashions presented Monday evening by the Beta Theta chapter of Beta Sigma Phi went to the community recreation project. The show, staged at the Junior High School auditorium, was attended by a large crowd.

Mrs. S. C. Ferguson Jr., president of the sorority, welcomed guests. Mrs. W. F. Martin was commentator for the evening, and she described the ensembles that were worn by models from Ma-louf's, Bailey's, McDonald's, the Style Mart and Frank's.

These members of Beta Sigma Phi modeled casual and dressy clothes: Mrs. E. D. Perrin, Mrs. Jerry Waggoner, Mrs. Weldon Carlton, Mrs. M. L. Smith, Mrs. W. T. Johnson and Mrs. Edgar Boaz. Mrs. Weldon Griggs, Mrs. Gerald Young, Pat Maberry, Mrs. Boaz and Mrs. Waggoner modeled evening dresses.

Six high school girls modeled bathing suits and drew the names for the door prizes that were donated by all merchants participating in the show. The girls were Judy Harden, Janis Crowley, Annette Fletcher, Mary Ann Wilbanks, Donna Jan Kidd and Renee Moore.

Noble Canada, band director at DePriest Colored School, played Easter colored selections on the piano as the models were presented. He also sang and played "Let Me Go, Lover," and "That Lucky Ole Sun."

Linda Carlton sang "Easter Parade." She was accompanied by Elizabeth Norton. They are both students at Hamlin High School. Yvonne Conner and Peggy Higdon presented a tap routine on "Bell Bottom Blues."

Punch and cookies were served from a table laid with a white cloth centered with an arrangement of pink carnations in a straw hat. Straw fans flanked the bouquet. Twin punch bowls and other appointments in crystal completed the table.

The stage was set with a green picket fence entwined with redbud branches. Chartreuse trees with Easter baskets hanging from their branches were along the fence. Pastel colored balloons simulating Easter eggs lay along the fence border. Green grass covered the stage and steps that the models descended onto the audience level.

Mrs. Bill Feagan assisted Mrs. Martin with all arrangements for the show.

Publicity committee was composed of Mrs. E. D. Perrin, Mrs. Cliff Reynolds Jr., Mrs. Toby Williams and Mrs. Weldon Carlton.

Mrs. S. C. Ferguson Jr. was in charge of the decorations, with Mrs. Jerry Waggoner, Mrs. Garland Preston, Mrs. J. O. Ballard and Mrs. H. L. Mehaffey helping her.

Mrs. George Poe headed the entertainment committee, with Mrs. M. L. Smith, Mrs. Wesley Nail and Mrs. Johnny Taylor assisting.

Dressing room committee was composed of Mrs. E. J. Hawkins, Mrs. Johnny Bryant and Mrs. Earl Smith.

Social committee consisted of Mrs. C. Weldon Griggs, Mrs. Gerald Young, Mrs. W. T. Johnson and Mrs. Vernon Townsend. Mrs. Arlie Cassle and Mrs. Brad Rowland Jr. assisted them.

Mildred Hymer of Mildred's Beauty Shop did the hair styling of the models and assisted behind the scenes. Rockwell Lumber Company loaned the picket fence. Mrs. Ted Russel donated the redbud branches.

Attending the affair were Rev. and Mrs. Houston Walker, Mr. and Mrs. I. R. Hutchinson, Mr. and Mrs. Noel Weaver, Mr. and Mrs. Delma Sheelburne, Mr. and Mrs. Ben Parker, Mr. and Mrs. T. R. Voss, Mr. and Mrs. Tom Nall, Mr. and Mrs. Everett Gibson, Mr. and Mrs. M. H. Castleberry, Mrs. La-Foy Patterson and Mrs. Watt Fletcher.

## Camp Fire Girls Give Father-Daughter Banquet Friday Eve at Guest House

A patriotic theme highlighted the annual father-daughter banquet sponsored Friday evening at the oil mill guest house by members and leaders of the Camp Fire Girls units in Hamlin.

Featuring the colors of red, white and blue, the table was centered with blue and red paper streamers on which large white stars were placed. Blue liberty bells with the inscription, "Let Freedom Ring," marked places for the fathers, who were honored guests. The Bluebirds' places were designated by miniature dolls in crepe paper dresses.

Opening remarks were made by C. L. Howard, toastmaster and president of the local Camp Fire Girls Association.

After invocation by J. C. Turner, the dinner was served by the daughters to their guests from colorful and beautifully decorated boxes prepared for the occasion.

Highlight of the evening was the candle-lighting ceremony. The anniversary cake in the shape of a large American flag was topped with 43 candles in observance of the forty-third anniversary of the Camp Fire Girls movement. Candles were lighted by Diane Anderson for the Bluebirds, Judy Fitzgerald for the Twin Circle group, and Gloria Jenkins for the Robin's Kin unit. Cake was served to 96 members and guests present.

The program was prepared and produced by the groups and their leaders. The Bluebirds, which is the first-year group composed of 20 second grade girls, sang a song, "Six Little Ducks," and recited the Bluebird wish. Leaders of this group are Mrs. Clifford Reynolds Jr. and Mrs. Diamond Anderson.

The Twin Circle group presented a marionette show, "Bluebirds for Happiness." The entire group participated in the playlet and singing of "Young at Heart" and "Count Your Blessings." This band of 18 girls from the third grade has as its leaders Mrs. Ray Johnson and Mrs. J. D. Adams.

The Robin's Kin unit of fourth grade girls, under the leadership of Mrs. Willard Maberry and Mrs. Delbert Rountree, presented a hand puppet dramatization of "Little Black Sambo." Following this clever presentation, the group sang and led all attendees present in "America."

## Hamlin to Have Representatives at Big West Texas Chamber of Commerce Meet

Secretary-Manager Onis Crawford and WTCC Director Wood Cowan will represent Hamlin at the annual West Texas Chamber of Commerce convention to be held the first of next week at Lubbock. Others probably will attend some portions of the con-

Six U. S. congressmen, the head of Minnesota School of Agriculture, and a vice president of the Houston National Bank of Commerce will appear on the program for the thirty-seventh annual meeting of the regional organization. Convention dates are March 27, 28 and 29.

A congressional forum, to which the general public is invited, will kick off the general convention program Monday morning at 9:00 o'clock. Answering questions for three hours will be a panel of Congressmen from West Texas, including George Mahon of Lubbock, Frank Ikard of Wichita Falls, Jim Wright of Weatherford, O. C. Fisher of San Angelo, W. R. Poage of Waco and Omar Burleson of Anson.

At a dinner-dance that night Dr. J. O. Christianson will speak

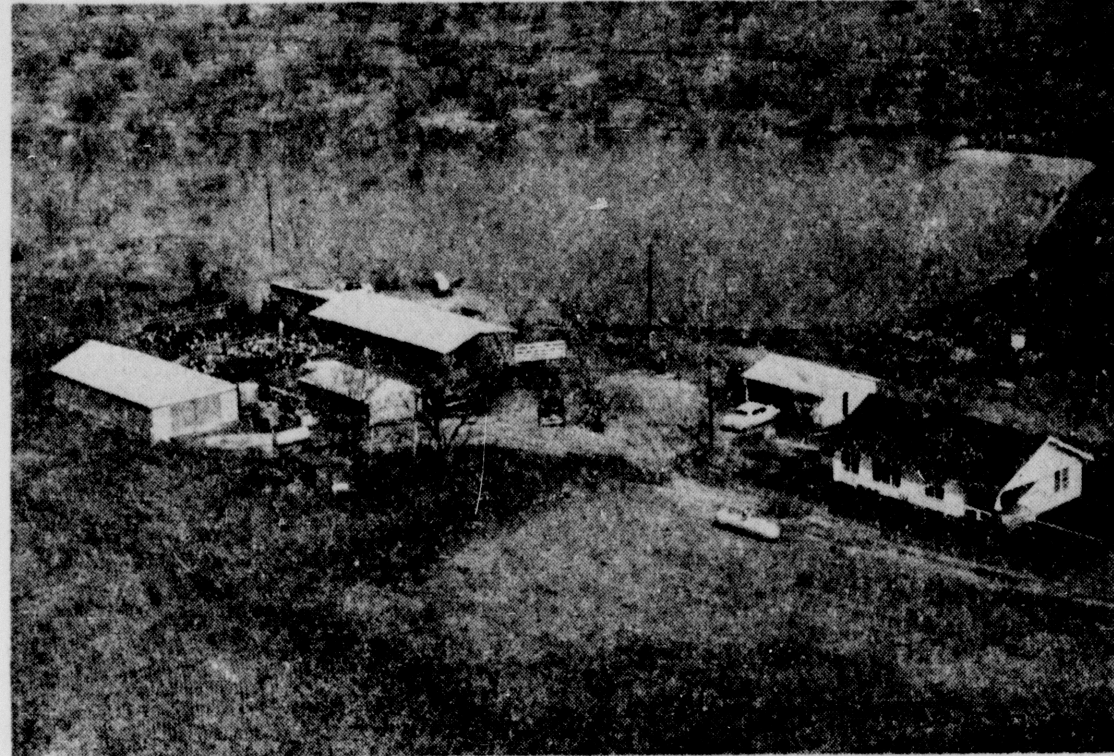

on "Rediscovering America." He is superintendent of the school of agriculture and director of agricultural short courses of the University of Minnesota.

Address of Robert W. Kneebone of Houston will be heard the next morning just prior to WTCC members' voting on policy matters, electing new officers, and selecting a convention city or 1956. His subject will be "The Men Who Wind the Watches."

Entertainment during the convention includes a concert by the Texas Tech College Choir during luncheon on Monday, and the "Fandangle Sampler," a miniature edition of Albany's summer show, the Fort Griffin Fandangle, which will present a troupe of 80 performers during the dinner that night.

Standing committees of the regional chamber will meet during the convention. They include the committees on community services, agriculture and livestock, industrial development, state and national affairs, and water resources.

**CAUTION, KITE FLYERS!** Spring winds provide excellent power for flying a boy's kite, and boys like kites. However, this word of caution from the Texas farm and ranch safety committee: Be sure kites are not flown where there is danger of them catching on an overhead electric wire.

**LAST WEEK'S MYSTERY FARM PICTURE** (above) was correctly identified first by Mrs. Ester Hastings of Hamlin as that of Mrs. Ed Johnson, five miles southwest of town. She will receive a one-year subscription to Your Home Town Paper. The 333-acre place is occupied by Mr. and Mrs. Louis Johnson, who are raising cotton, wheat and head grains, and they have 41 head of fine Hereford cattle for good measure. Soil and water conservation practices have been used on the place for several years.

### Mrs. Ester Hastings Identifies Mystery Farm Picture First

And last week's prize of a one-year subscription to The Hamlin Herald will go to Mrs. Ester Hastings of Hamlin for being the first to correctly identify the weekly mystery farm picture now being run as a feature in Your Home County Paper.

The aerial view printed in last week's paper was of the Mrs. Ed Johnson place, five miles southwest of Hamlin.

The place, originally known as the south half of the Vaul Davis section, was acquired by D. J. Payne many years ago. E. W. and J. L. Johnson bought the place in 1920 from D. J. Payne. Only about 20 acres was in cultivation at that time. Fifty acres more of the 333-acre place was grubbed and put into cultivation that year.

The present house was built in 1928. More land was put into cultivation and now 210 acres is being used for crops. In 1936 E. W. (Edd) bought his brother Jim's undivided interest in the place and moved to it in February, and it has been home to the family ever since.

Lewis and Leonard Johnson have worked the farm since their father's death in September, 1943. Lewis lives on the farm. Paul, the oldest son, lives at San Angelo.

Good farm practices have been utilized on the place, where terracing and contouring are regular practices. Wheat, cotton and feeds are raised, and the Johnsons have 41 head of Hereford cattle on the place.

Lewis Johnson and his wife, Christina, were married in 1942. They have two children, Kay, 10 years old, and Keith, four. They are members of the Baptist Church.

### Evangelist H. S. Kolb Has Odd Background For Unusual Ministry

Rev. Howard S. Kolb, who will do the preaching in the revival services beginning Sunday at the First Baptist Church, has had a varied experience in his ministry, according to Rev. Houston Walker, pastor of the church.

Rev. Kolb, is pastor of the oldest Baptist Church in Fort Worth, the Birdville Baptist Church, that was founded in 1853. The church now has a membership of around 1,200 and an annual budget of \$75,000. A few weeks ago the church began construction of a \$90,000 educational building.

Walker served four years with the Birdville church as associate pastor while attending Southwestern Baptist Theological Seminary.

Rev. Kolb studied his high school subjects under a Jewish tutor and won a diploma from a Roman Catholic institution. Originally from Mississippi, he moved to New Orleans, Louisiana, and took a business course. He later was engaged in the business world, but felt called to preach. Such a course necessitated his continuing his high school education. It was at this time that he received private Jewish tutoring plus entrance into a Catholic academy—a rather unusual educational background for a Baptist minister.

He is a graduate of Union University of Jackson, Tennessee, and of Southwestern Theological Seminary of Fort Worth.

### Santa Fe Carloadings Continue to Top 1954

Santa Fe Railway System carloadings for the week ending March 19, 1955, were 22,933 compared with 20,970 for the same week in 1954. Cars received from connections totaled 12,756 compared with 11,230 for the same week in 1954.

Total cars moved were 35,689 compared with 32,200 for the same week in 1954. Santa Fe handled a total of 36,351 cars in the preceding week of this year.

### Five from Hamlin To Attend District P-TA Conference

At least five Hamlin people are planning this week to attend the annual convention of the 14th District Congress of Parents and Teachers next Wednesday and Thursday at Levelland, according to Mrs. J. C. Turner, president of the Hamlin P-TA.

Beginning the session will be a banquet Wednesday night at which veteran teachers and area superintendents will be honored. Lulan Vaughan, who has taught in Hamlin Schools more than 25 years, will be signally honored at the banquet.

Superintendent I. R. Huchingson of Hamlin will be in charge of a discussion team at the convention, where three topics will be featured: "Explain the Cooperation of the Individual in PTA Functions," "Part of the Superintendent in P-TA Work" and "The PTA Cooperating in Community Activities."

On the discussion panel with Huchingson will be Mrs. Moore, Cagel Hunt of Roby, Mrs. Herman Cox of Stamford, E. M. Connel, N. H. Touchstone and Mrs. W. T. Dennon of Anson.

Planning to attend the regional meeting from Hamlin are Mrs. Turner; Mrs. Starr Inzer, president-elect; Mrs. Ned Moore, member of district board; Miss Vaughan and Huchingson.
